### PRESIDENT'S REPORT

The year brought several significant changes and as we both reflect and look forward I think we can be proud of our achievements.

We were sad to accept Sharon Kreutzer's resignation. In her 8 years as Executive Director, Sharon contributed immeasurably to our growth and development through her deep personal commitment. In the process of hiring a new Executive Director, the Board Executive Committee worked with the Senior Staff represented by Glen Davies to carefully review the demands of this job and find the person most suited. This was a challenging and rewarding process and we feel very fortunate to have Ian Moody as our new Executive Director. Ian's 20 years experience in health administration, most recently as Executive Director of Richmond General Hospital make him well qualified for this important position.

Your Board are capable and dedicated volunteers with wide ranging skills and experience. We have emphasized participation through committees and I would acknowledge the contributions of all those who participated. In particular, I am delighted to note the involvement of several staff members in the fund raising committee.

We are involved in the process of defining our long range plans to meet the challenges of the nineties. In doing so we recognized the need to review our Constitution and By-Laws to ensure consistency with our Mission. You will be asked to vote on several changes recommended by the Nominating and Society subcommittee chaired by Steve Piskorik.

In a continuing effort to maintain a sound financial base we have added significantly to the Endowment Fund established in conjunction with the Vancouver Foundation. In this regard we should acknowledge the leadership of our long serving Board member, Norm Sherritt. I would also like to acknowledge the valued advice and guidance of John Peters who served as Treasurer through the challenges of our Construction Project and who helped set up procedures for monitoring our finances professionally.

Through the quiet but determined efforts of Lucille Courchene we have maintained the continued support of the Variety Club for specific Capital Projects. Without the donations from the various Service Clubs, private individuals and of course, our Auxiliary, we would not be able to maintain the diversity of programs we offer.

It is an indication of the confidence the community has in us that we are continually asked to initiate and manage new services. We have opened the new group home for adults at Parkland View and another project is under way. This has meant considerable pressure on our Residential Services department and we should recognize the extra effort of Janet Robbins as Coordinator and Dave Goodwin, our Vice-President, who contributed many hours of his professional skills in the establishment of these facilities.

The satisfaction of seeing our clients benefit from the services and facilities is rewarding for all of us, both staff and volunteers. We see the future success being increasingly dependent on Volunteer support and participation. I encourage you as members of this organization to become more actively involved and share the personal satisfaction.

Respectfully submitted,

Peter Winford, President

### EXECUTIVE DIRECTOR'S REPORT

The past year has been a most progressive one for the Association. Although I only took over the position of Executive Director for the last three months of the fiscal year, it was obvious to me as a newcomer to the organization, that we have a dynamic Association which is undergoing much change.

The initial planning processes carried out by the Board with full staff involvement in the spring of 1989 led to the development of a number of short-term goals and objectives. These have been or are in process of being implemented.

Our beautiful newly expanded building is inviting to clients and their families and a pleasant environment for our staff. With completion of the upstairs which was occupied in late December we now have uncramped conditions. The only outstanding area is the Discovery Room in the Centre's Preschool which remains to be finished.

The Board reorganized itself at the beginning of 1990 creating a committee structure to address in depth a number of key areas. The Association is blessed with a very dedicated Board of Directors who are to be commended for giving so generously of their time and talents. All our staff appreciate their support in the running of the organization.

The Association is also very fortunate in having such dedicated and caring staff in all its programs. Without their cooperation, support and enthusiasm we would not be able to provide the quality of services which our children and families receive. Our successes lie in a cooperative team approach in the provision of services. This we are nurturing and expanding on with a number of initiatives. We have also attempted to try and encourage parents to become more involved in the affairs of the Association. There are lots of opportunities to participate and we are in process of developing new ways to obtain even better interaction with our client families.

I must tribute to Sharon Kreutzer, my predecessor who in 8 years at the helm helped guide the Board through difficult times to the organization which we now have. We can look forward with confidence to the future as we further develop our long range plans to meet the new challenges of the 90's.

Respectfully submitted,

Ian C. Moody,
Executive Director

#### MEDICAL DIRECTOR'S REPORT

During the past year 143 new children were seen in consultation to document medical data and diagnosis thus providing a basis for the treatment plan. Follow-up consultations were done on selected children and a number of team and family meetings attended. Informal consultations with Variety Child Development Centre and preschool staff, local school teachers and community physicians also were part of the year's work.

Variety Child Development Centre has obtained an increase in physician sessions so that I can be directly involved in Management Team Meetings and other forums of policy discussion. Additional sessions will also be used for more medical follow-ups; this is important to many parents, contributes to more comprehensive care of child and family and aids in updating treatment plans.

I was able to attend the Annual Meeting of the American Academy for Cerebral Palsy and Developmental Medicine in October, 1989 and the Annual Meeting of the Northwest Pacific Society for Developmental and Behavioral Paediatrics in March, 1990. Both meetings were stimulating and provided up-to-date ideas for the care of disabled children and their families.

I have become as Associate Member of the Division of Developmental Medicine in the Department of Paediatrics of the UBC Faculty of Medicine thus linking Variety Child Development Centre more closely with the paediatric community. The Division of Physical Medicine and Rehabilitation of the Faculty of Medicine has also asked that their residents attend some of the activities of Variety Child Development Centre as part of the paediatric rotation. One resident, Dr. Clair Weeks, has been involved so far.

Dr. R. Beauchamp continues to hold an orthopaedic clinic at Variety Child Development Centre once monthly. His contribution to the care of the children and to the knowledge of the staff is invaluable and much appreciated. Ford Orthotics also gives regular and valued assistance in managing our patients during their regular attendance at the orthopaedic clinics.

The Medical Director's work at Variety Child Development Centre continues to be interesting and challenging. Working with the committed and knowledgable Variety Child Development Centre team is a pleasure.

Respectfully submitted,

M.L. Weir, M.D. F.R.C.P.C., Medical Director

### 1989 AUXILIARY REPORT

Through the hard work and dedication of our members the Lower Fraser Valley Cerebral Palsy Association Auxiliary had another successful year this year.

We operated our 3 Thrift Shops, attended local mall days sponsored by Shopping Centres in the area and held our Annual Bazaar at the Centre.

The total money raised at these events enabled us to make our Annual Donation this year of \$53,275.

In addition to this we were able to financially assist both Preschools with their Christmas parties and equipment purchases and Cerebral Palsy sports members with travel costs to various out-of-town competitions.

Respectfully submitted,

Kathy Dye, Auxiliary President

### VOLUNTEER PROGRAM

Volunteers work at the Centre in several departments for a great many different reasons. In the past we were approached by community minded people with free time who wanted to help children with disabilities. We now also have applications from people who want experience in order to be accepted into post-secondary programs or whose program requires volunteer hours using the skills they are currently learning. In these cases we are providing a valuable service and helping to improve the quality of future employees in the field. During Volunteer Recognition Week we thanked our volunteers with a terrific lunch prepared by the staff and enjoyed by all.

Frannie Cruise, Volunteer Coordinator

### PHYSIOTHERAPY

### Staffing

The 1989/90 period brought stability and creativity to the Physiotherapy Department, following a year of change.

Audrey Farrant joined the department bringing with her knowledge and experience from paediatric settings in Ontario.

<u>Paige McKay</u> joined the department to work at the Maple Ridge Outreach Program, bringing her experience from the Abbotsford Treatment Centre and Sunny Hill Hospital.

### Staff Development

Quality of therapy is an important issue in the physiotherapy department and continuing education receives ongoing attention. The courses attended in the past year include:

- 1. Casting
   3 days 2 therapists Calgary
- 2. Neuro Developmental Treatment (NDT) Baby Course
  - 2 weeks 1 therapist Toronto
  - special thanks to the Board of Directors for the additional funding for this course
- 3. Surgical Management in Cerebral Palsy
   1 therapist Edmonton
- 4. Cranio-Sacral Therapy
   2 therapists Vancouver

Weekly inservice is used to share course information, journal reviews, problem solving, and video education. Therapists also attend monthly Paediatric Interest group meetings held in Vancouver. John Cumberbirch and Kathy Robertson organized an excellent  $\frac{1}{2}$  day seminar on Adolescent Services, for the Special Interest group, in June, 1989. Jean Krug represented the physio component within the Feeding Team project and worked to develop the "It Takes Two to Eat" seminar held in April, 1989.

### Casting/Splinting Program

As an integral part of the physio program, the splinting teams (Llaesa North - senior therapist; John Cumberbirch, Sandy Armitage, and Linda Wieler) strive to keep abreast of the most current research techniques. This years addition to the repertoire include the hinged aquaplast below knee insert and the use of soft splints for night splinting.

. . . 2

### PHYSIOTHERAPY

### <u>Statistics</u>

Mδ	of children	casted/splinted		* 119
----	-------------	-----------------	--	-------

 $\mathbb{N}^2$  of pairs casts/splints - \* 173 pair and 1 single

\* Fibreglass (p. 10 to 1

% Aquaplast 75%

These figures do not include numbers for soft splints which are fabricated by the treating therapists.

### Consulting

Physio continues to provide consulting services to community groups/agencies both in B.C. and further afield.

Rainbow Ridge	_	1	day	per	week

- 1 day per week (an increase of Lookout Preschool

 $\frac{1}{2}$  day)

Pacific Riding for the Disabled - 1 day per month

- As required Track and field

Due to financial constraint the Infant Development Program (IDP) regretfully chose to discontinue the use of our consulting services. And Aggreent of the specific and aggreent

Llaesa North conducted a  $1\frac{1}{2}$  day Casting Workshop in Grand Prairie, Alberta in November, 1989.

The department also coordinates 2-3 orientation tours of paediatric services in the Lower Mainland per year for therapists from around the province.

### University of British Columbia Affiliation

The development of future therapists is a high priority for the physiotherapy department. In 1989/90 the department provided clinical education opportunities for 3 fourth year U.B.C. students as well as 1 from the University of Western Ontario. The department has been recognized by the Physiotherapy Division of the School of Rehabilitation (U.B.C.) for the development of a comprehensive student program of goals and objectives.

### PHYSIOTHERAPY

### Sports

The physiotherapy department strives to provide its clients with a comprehensive service which includes exposure to a variety of sports.

The pre-ski program was attended by 12 children of varying abilities - all of whom went on to either downhill, cross-country, or sit-ski. Several department members also volunteer their time on weekends as instructors.

### New Programs

The Ridge Meadows Children's Development Centre located in Maple Ridge became a reality in August, 1989 with 4 days of physiotherapy allotted. As of March 31st, 1990 Physiotherapy was being utilized 3 days per week and 1 day had been transferred to Speech Therapy.

In September, 1989, Llaesa North became the physiotherapy consultant to the Surrey School Board 2 days per week.

Referrals - 44

Consults - 35 averaging 2-3 visits

Areas covered by school consultant:

- Management within the classroom for the physically handicapped
   physical / equipment / teaching assistance training.
- 2. Consultation to the "Awkward" Child
  - assessment / P.E. program modifications / remediation /
    referral to "group" activities
- 3. Education to professional school staff
  - adapted P.E. / lift and transfers / equipment management / handicapping conditions / student orientation
  - this area included giving presentations at professional conferences
- 4. Liaison with treating therapist
- 5. Pre-preparation for children entering "Kindergarten" from Variety Child Development Centre Preschool

The school consultant provides a vital link between the school and treating therapist.

Respectfully submitted,

Judit Spence, Director of Physiotherapy

PT-Rpt.M90

### OCCUPATIONAL THERAPY

### Outreach Programs

Lookout Preschool 1 day per week 2 days per week Ridge Meadows Child

Development Centre

Rainbow Ridge 1 day per week Occupational Therapy and 2 days per month technician

Glenayre 1 morning per month

Surrey Association for Consultation provided for Early Childhood screening

Education (S.A.E.C.E.)

Group Homes Consultation provided weekly

Surrey School Board continued to contract with us to provide 1 full-time employee for assessment and consultation in the school system.

### Technical Services

There are 2 full-time technicians in the Department, plus our valuable and long-time volunteer Ken Spratt who helps out 2 days per week. The Department continues to be extremely busy, designing, adapting and making equipment for our individual clients.

### Equipment Loan Program

This program continues as a short-term loan service and is only available to Variety Child Development Centre's clients. We were very pleased to receive a large sum of money from the Variety Club of British Columbia and Ronald McDonald Children's Charities specifically to buy equipment for this program.

### Equipment Team

The Equipment Team consists of an Occupational Therapist, Physiotherapist, and a technician. They are responsible for bringing in dealers and organizing clinic appointments for clients with equipment needs.

### Feeding Team

The Feeding Team is still awaiting funding. It consists of an Occupational Therapist and a Speech Therapist for  $1\frac{1}{2}$  hours per week.

. . . . 2

#### THERAPY OCCUPATIONAL

### Preschool and and any assessment

Two Occupational Therapists were part of the Preschool Team and provided therapy to the Centre's 3 preschool classes.

# Staff Education

Equipment Team attended - International Seating Symposium - Mulholland 3 Day Equipment workshop

Gunnel Seating Course

3 Occupational Therapists went to the Pacific Conference on Technology.

- 2 Occupational Therapists went to the "Erhardt" course on the assessment and evaluation of visual deficits.
- 1 Occupational Therapist attended "Focus 90" in Victoria.

### Students Address States

The department continues to offer clinical placements to Rehabilitation Medicine students from U.B.C. and other Canadian Universities.

### Waiting List

Unfortunately we have had and will continue to have a 6-8 month wait for service. We have around 40 children waiting for Occupational Therapy at Variety Child Development Centre and 10 for Occupational Therapy at Ridge Meadows Child Development Centre.

### SPEECH THERAPY

### Parent Early Language Program

In October, 1989, we again ran the Parent Early Language Program for seven Wednesday evenings. This program, which is designed to help parents facilitate communication development in their children, was attended by eight families.

### Augmentative Communication Program

In conjunction with Variety Child Development Centre Preschool, the Technology Centre Project was initiated. It makes items such as switch-operated battery toys and devices with computer-synthesized speech available to the Preschool, with the goal of allowing interaction and sharing of specialized play and communication material by all of the Preschool children.

Sign language, as an alternative method of communication, was promoted through lunchtime sign classes led by volunteer, Wendi Mackintosh.

The picture-board communication program for non-verbal preschool children was greatly enhanced when the speech therapy department acquired a therapy aide one day a week to prepare communication material.

An afternoon demonstration of new communication devices by Zygo Rehabtek, Inc., was hosted by the Speech Therapy Department.

### Children with Eating/Nutritional Problems

Staff from Speech Therapy, Occupational Therapy, and Family Services, along with Dr. Weir, continued to work on a model for an "Eating Skills Team" (Feeding Team) and to seek funding for this

### Ridge-Meadows Outreach Program

Speech Therapy services to Ridge Meadows Child Development Centre were increased to 2 days per week in January, 1990.

### Staff Education

Staff attended courses on:

- Touch Talker and Light Talker New communication devices
- Consulting with Preschool Teachers
- Computers and Special Needs Children

### <u>Students</u>

The Speech Therapy staff continued their affiliation with the U.B.C. School of Audiology and Speech Sciences. First year students visited the Centre for observation and one student was supervised for her second-year clinical placement.

ST-Rpt.M90

### RECREATIONAL SERVICES

### Variety Child Development Centre Pool Program

During the past year our pool has continued to offer adapted aquatics programs to preschool, elementary, and secondary school groups as well as to our clients. We have also encouraged parents to integrate their children into Aquaventures swim lessons, which are offered in our pool by a private group evenings and Saturdays. The number of adults using our pool for therapy has continued to increase as has the number of babies and preschoolers.

### Boccia Program

The Whalley Legion has again sponsored our junior and senior boccia groups. This year they have met once a week at Frank Hurt High School and Variety Child Development Centre. Both seniors and juniors competed in the annual Cerebral Palsy Sports Association Tournament and in the Provincial Games for the Physically Disabled. In March, the senior team became one of the C.P. Sports Association's programs so that we will be able to expand our junior team in the future. Two of our senior players were members of the provincial team.

### Swim Team

The Swim Team has continued training in the Sungod and Variety Child Development Centre pools. They have also attended several workshops at S.F.U., competed in the Provincial Games for the Physically Disabled and an invitational meet in Oregon.

### Track, Field, and Cycling

Once again, track, field, and cycling athletes trained at the Princess Margaret High School track, May to July, and competed in the Provincial Games for the Physically Disabled in Penticton. Two of our junior athletes were members of the provincial team and competed in the Michigan Cerebral Palsy and Les Autres Sportsfest.

### FAMILY SERVICES THERAPY

### 1 9 8 9 - 9 0

It's been another busy year! Here's what we've been doing:

- 1. The Special Skills Program has greatly enhanced services to families by providing in-home behaviour and home management skills as well as clinical counselling.
- 2. A third parent support group was started in the spring.
- 3. Two Saturday Workshops called "All In The Family" were presented and well received by a total of 37 families.
- 4. Family Services has played a key role in informing, supporting, and coordinating services for families accepted by the new "At-Home Program".
- 5. Keeping tabs on ever-changing local services and referring families as indicated continues to be a valued service.
- 6. Family Services continues to play the role of informationgiver to families and professionals from the community who call seeking services.
- 7. Researching and ordering books for the Parent Library, which contains books for parents and children, began in the spring. The Library will be operational by September, 1990.
- 8. Family Services has assisted 150 families in securing funding for adaptive equipment.

Staff have attended various professional development courses and conferences including the 14th Annual Western Canadian Conference on Family Practice at U.B.C. - to recharge and renew!

And 90-91 doesn't look like it will be any <u>less</u> hectic!

### VARIETY CHILD DEVELOPMENT CENTRE PRESCHOOL

### Staff Development

"Congratulations" to Heather Basham and Jenny Freeborn on completion of their Special Needs Citation. The preschool staff attended a number of special seminars and workshops throughout the year including the Early Childhood Education of B.C. Conference and the Council for Exceptional Children Conference.

### Special Events

Activities involving the children and their families included:

C.K.N.W. Picnic at Playland

R.V.Y.C. Malibu Princess Boat Cruise

Family Picnic at Queen Elizabeth Park

Annual Open House

Vancouver Airport Tour

Transportation Museum

Special guest at our Christmas Party was the Bowman Family Band. In February we had a group of Japanese Early Childhood Education Students visit the Centre and the Preschool.

The Annual Preschool Walk-A-Thon was a success raising money for a new multi-seesaw for the playground area.

### Student Placements

Students from Fraser Valley College and Douglas College completed their practicum time with us. Students from local High Schools and the Surrey Rehabilitation Centre completed job experience placements in the Preschool.

### LOOKOUT PRESCHOOL

Lookout was informed by the Delta Parks and Recreation Department in March that the Preschool would need to move due to the expansion of the North Delta Recreation Centre on whose property Lookout is situated. The Parks and Recreation Department have been helpful in locating alternate sites. The move will not be made before the summer of 1991.

The Delta Central Screening Committee was formed in March to screen and place children who have special needs in preschools in Delta. Committee members include the Ministry of Social Services and Housing Social Worker, Infant Development Program, Public Health, and Preschool Directors.

### Special Activities:

Activities involving the children and their families included parent information evenings, Halloween celebration, Father's Night, Christmas Celebrations, Itty Bitty Squirt Band concert, skating, Surrey Art Gallery tours, and Family Picnics.

### Staff Development:

Michele de Rham began an "Under Three" Infant Education program.

Staff attended a variety of workshops and conferences on the following topics:

Behaviour Management, Back Care and Positioning, Play, Hearing Impairments, Fetal Alcohol Syndrome, and Neonatal Abstinence Syndrome.

### Fund Raising:

Families participated in producing a "Lookout Family Favourites Cookbook, Volume II", a garage sale, and BBQ meat sale.

We received a donation from the Lower Fraser Valley Cerebral Palsy Association Women's Auxiliary. These funds were used to purchase additional equipment for Lookout.

### Student Placements:

Lookout welcomed Early Childhood Education practicum students from Douglas College, North West Baptist College and Kwantlen College. We are a rich resource for people wanting to observe preschool children in an integrated setting.

### RESIDENTIAL SERVICES

The Association's fifth group home, Park-Land View was opened in January, 1990. Four residents, Clyde, Pat, Susan, and Layne moved from Woodlands and were all settled at Park-Land View by the end of January. The house is a beautiful, spacious rancher, situated in the Fleetwood area of Surrey.

Funding for our next home in Newton was secured early in 1990 and land was purchased in March. This house will be built for Kent, Kerry, Brenda, and Lise, and will open in the fall.

The two children's homes, the Villa and Old Yale Road continue to provide care for ten children on a permanent basis, plus approximately twenty children who stay at the homes for intermittent respite care.

The eight young adults who live at Bear Creek Villa and Guildford Glen are all involved in daily work and recreation activities. Many of them compete locally and across Canada in sporting events for the disabled.

All our residential programs have experienced staff changes and turnover during the year. Many more group homes are being established in Surrey and it becomes increasingly difficult to recruit and keep good qualified staff. This issue is being raised with the funding ministries, and hopefully will be addressed in a satisfactory manner during the next year.

#### DONATIONS

Sincere thanks to our many friends for their donations throughout the past year.

### AUDITORS' REPORT

To The Members of LOWER FRASER VALLEY CEREBRAL PALSY ASSOCIATION

We have examined the balance sheet of the LOWER FRASER VALLEY CEREBRAL PALSY ASSOCIATION as at March 31, 1990, and the statements of revenue, expenses and operating surplus, capital surplus, changes in cash resources and schedules of operations for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances, except as explained in the following paragraph.

In common with many charitable organizations, the organization derives revenue from donations the completeness of which is not susceptible to satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the Association and we were not able to determine whether any adjustments might be necessary to donation revenues, excess (deficiency) of revenue over expenses, assets and surplus.

In our opinion, except for the effect of adjustments, if any, which we might have determined to be necessary had we been able to satisfy ourselves concerning the completeness of the donations referred to in the preceding paragraph, these financial statements present fairly the financial position of the Association as at March 31, 1990, and the results of its operations and the changes in its cash resources for the year then ended in accordance with the accounting policies described in Note 1 applied on a basis consistent with that of the preceding year.

#### NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1990

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### (a) Depreciation of Buildings

The Variety Child Development Centre and Lookout Preschool buildings are depreciated using the declining balance method at an annual rate of 5% except that the donated portion of the Lookout Preschool building is not depreciated. Adult Services and Children's Group Homes buildings are depreciated at an amount equal to the annual principal reduction in the related mortgages payable. Depreciation is charged to capital surplus in all divisions except Adult Services.

#### (b) Depreciation of Furniture and Equipment

Furniture and equipment for all divisions except 88th Avenue and Guildford Glen Group Homes (Adult Services) are depreciated using the straight line method at an annual rate of 20%. Furniture and equipment in 88th Avenue and Guildford Glen Group Homes are not depreciated. A replacement reserve is maintained by these facilities to provide for future asset replacement.

#### (c) Endowment Fund

The Association has established an endowment fund from capital surplus. The purpose of this endowment fund is to provide investment income for the operation of the Child Development Centre.

#### (d) Deferred Capital Grants

Grants received in respect of additions to buildings, furniture and equipment are initially recorded in the balance sheet as deferred capital grants and are amortized in the same manner as the related assets.

#### (e) Replacement Reserve

The replacement reserve account is funded by an annual charge against earnings as opposed to an appropriation of surplus.

### 3. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

The Association's employment contract requires payment of 50% of accumulated sick leave credits upon termination of employment where an employee was a member of the Health Sciences Association of B.C. prior to 1982. Accounts payable and accrued liabilities of \$188,318 (1989 - \$142,213) include \$48,520 (1989 - \$40,659) of accumulated sick leave. The Association does not provide for future sick leave credits that may be paid to other unionized employees or to non-unionized employees.

#### 4. LONG-TERM DEBT

#### 7. VANCOUVER FOUNDATION

The Association is entitled to the income from a permanent endowment fund administrated by the Vancouver Foundation. During the year the Association and the Vancouver Foundation each made contributions of \$100,000 to the fund, which totalled \$610,000 at March 31, 1990. Interest on the fund is distributed quarterly to the Association.

#### 8. COMMITMENTS

Subsequent to March 31, 1990 the Association completed the purchase of land at a cost of \$107,000. The Association is committed to the construction of a new group home at a cost of \$150,000 subject to approval by the Province of British Columbia.
