Our values reflect that our highest priority is the well-being, safety and success of our children.

Our work is guided by the principle of family-centred care. We believe that parents are the experts when it comes to their children.

We believe that a quality early childhood education program is based on:

- establishing clear, ongoing communication between home and the Childcare/Preschool program

Childcare & Preschool Philosophy

Every child is welcome and every child belongs!

Our Childcare and Preschool programs are licensed, inclusive, play-based programs. The structured environment and positive teacher-child interactions promote learning and development of the whole child.

Our objective is to provide a learning environment that recognizes the wide range of learning needs and the variety of all children's learning styles.

Our inclusive and accessible facilities enable children with and without support needs to fully participate at their own unique level of development. Children of all mobility levels enjoy our fully accessible playground, empowering them to experience the benefits of outdoor play and exploration.

Through teacher-supervised play, children gain:
